SUMMARY

B.Tech student in Artificial Intelligence and Data Science with hands-on experience in Frontend Web Development, Data Analysis, and Salesforce Development. Proficient in creating responsive web applications using ReactJS and integrating backend services. Engaged in projects that leverage AI and Web Development technologies to deliver innovative solutions.

SKILLS

React.js, JavaScript, CSS, Figma, Git, Responsive Design, REST API, Python, SQL, MongoDB, PowerBI, Visual Studio Code, Eclipse, Adobe Photoshop, Canva, UI/UX Design

WORK EXPERIENCE

Indo Euro Synchronization

Feb 2024 - May 2024

Data Analyst Intern

Remote

- Completed a 3-month virtual internship as a Data Analyst, acquiring skills in Data Analysis using MS Excel Macros, Power BI, and SQL for data-driven solutions.

Salesforce

Feb 2024 - May 2024

Salesforce Developer Intern

Remote

- Gained knowledge in Salesforce Fundamentals, Relationships, and Process Automation while building a CRM application for Laptop Rentals as a group project.

PROJECTS

Nov 2024 - Jan 2025

COORDINATE – A Social Media Application

- Developed a responsive social media web application using React, ensuring seamless user interaction across devices, with Appwrite for backend services and Tailwind CSS for enhanced visual performance.

Dec 2024 - Jan 2025

AI SQL ASSISTANT USING LLM

- Created an AI-based SQL assistant that simplifies query generation and provides insights, utilizing Langchain's Snowflake dataset.

Resume Parser Using Python

- Developed a Flask application for parsing resumes into Excel worksheets using NLP techniques with Spacy and Torch.

CRM APPLICATION FOR LAPTOP RENTALS

- Contributed to a CRM application project on Laptop Rentals using Salesforce technologies including Apex Triggers and Salesforce Developer Console.

EXTRACURRICULARS

Event Organizer

- Organized a communication workshop, enhancing skills among participants and fostering personal growth.

Social Media Management

- Volunteered in college social media association, responsible for content creation and graphic design.

Mar 2024 - Present

Content Creator

- Created and managed content for 'The Lavenders', focusing on photography and videography.

EDUCATION

Vasireddy Venkatadri Institute of Technology

Nov 2021 - May 2025

B.Tech in Artificial Intelligence and Data Science

GPA: 7.49

CERTIFICATIONS

Google Advanced Data Analytics

Introduction to MongoDB Modelling

Introduction To Microsoft Excel

SQL for Data Science

AWS Data Analytics

AWS Data Engineering

AWS AI-ML Virtual Internship

AWS Solutions Architecture Job Simulation
